## Operational Specifications:

### **Setpoint Temperature Range**

50-90°F 10-32°C standard model

35-75°F / 2-24°C optional range

### **Rated Differential:**

2-3°F with anticipation

### **Voltage:**

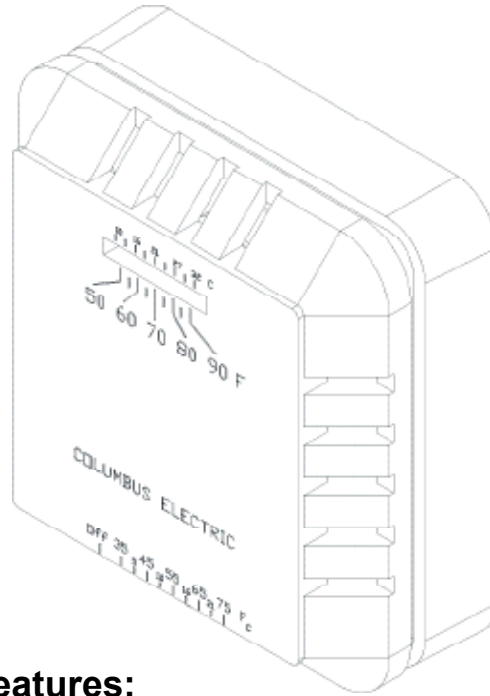

Millivolt, and 24 VAC (20-30V)

### **Amp Rating**

1.0 Amp Max.

### **Thermometer**

50-90°F alcohol

## Packaging Specifications:

### **Case Size**

3.25"H x 5"W x 1.38"D

### **Individual Carton Size**

3.38"L x 3.15"W x 1.38"D

### **Individual Carton Weight**

3.3 OZ

### **Master Carton Qty**

100 Pcs

### **Master Carton Size**

16.5"L x 15"W x 8"H

### **Carton Weight**

24 LBS

## Features:

- heat only models
- long life sealed contacts
- leveling not required
- does not contain mercury
- positive off
- Fahrenheit & Celsius
- off-white product color
- optional wall plate available
